

## Thank You Trevor

**Friday, August 22, 2008**

For twenty-seven years, Trevor Garland has been the driving force behind MUNASA. He has given endlessly of his time and energy to protect our rights in the workplace and has brought Solomonic wisdom to bear in defending all of us, all of the time.

Trevor has decided to step down as President, but is still close by to provide the Executive with a helping hand. In fact, we have created a "Past President's Committee" that will allow us to formally call upon his expertise whenever necessary for the well-being of the membership.

Thanks Trevor, for all you've done and for what you are still offering to do!

Ron Critchley
